

Bushnell Craft Releases 2nd IPA

REDMOND, Wash., Jan. 5, 2015 — They say good things come in threes. Bushnell Craft released a well-received Pumpkin Ale called Hot Walker in November, a Winter Warmer named Kreisel in December, and now they are releasing their third new beer in the past three months called Goon. Goon is a White IPA that will appeal to those that like a nice hop aroma and flowery nose but not an overpowering bitter finish. “As, our new Brewmaster, Jamie Richard, really starts to hit his stride, we will begin to release more and more IPAs to appeal to the Northwest’s love of India Pale Ales,” reports Kempton Bushnell owner of Bushnell Craft Brewing Company in Redmond Washington. “Jamie has been a master in the recipe creating department and has brought us some great new beers as well as cleaned up some of our original offerings,” he added.

Goon is a throwback reference to a hockey player brought in to take out the opposing team’s stars and maybe take a few minutes in the penalty box in exchange for giving his own team an advantage. Bushnell Craft’s Goon seems to be poised to be just that beer for Bushnell Craft Brewing Company. A beer to give the locals a great new IPA and maybe ruffle a few feathers along the way.

Bushnell Craft will be introducing this great new Goon - White IPA in a combined event on January 17th, 2015. As Bushnell Craft always does, they will be offering this beer to their 144 members prior to the public release. The 144 members can start enjoying drafts of the Goon starting January 10th and will have a private launch party Saturday, January 17th from 11:00 AM to 3:00 PM for the official release. The beer will officially be available to the general public beginning at 3:00 PM on Saturday, January 17th. Membership into the exclusive 144 club for 2015 is available, and anyone wishing to become a member prior to the Goon release must have registered prior to the event.

Bushnell Craft is a small 3BBL brewery located in the heart of downtown Redmond, WA. Bushnell Craft is known for its flagship brews, world class food and world famous Reuben Fritters, as well as a quaint little tap room to watch the game or to host your special private event.

At Bushnell Craft, “We’re gonna be famous for something, we sure hope it’s beer.” To learn more, visit <http://www.bushnellcraft.com>
